Good morning! It's Jason from 752 and I'm here this Thoughtful Thursday on behalf of the S.E.A.L Team.

Did you know that today is National Personal Space Day. It's a day to remember how important it is to respect each other's personal space. Whether we're in the hallway, in class, or even outside, it's good to give everyone a little room. This helps us all feel comfortable and respected.

I want to share a special quote with you today: "Space is the breath of art and life." This means that just like art needs space to be appreciated, we all need a little space to feel our best.

Let's make this Thursday special by being mindful of each other's space. Remember, a little space can make a big difference!

Thanks for listening and have a Thoughtful Boundaries Thursday 😊
